Re: Support for CA OHMVR Grant applications for the BLM Eagle Lake Field Office

Dear Ms. Williams:

The Lassen Motorcycle Club has reviewed the BLM Eagle Lake Field Office plans to request California State Parks, Off-Highway Motor Vehicle Recreation (OHMVR) funding.

The Lassen MC supports the following OHMVR grant applications:

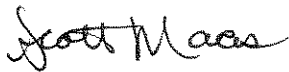

- \$28,007 - **Law Enforcement** for patrol and education within the field office jurisdiction
- \$66,400 - **Ground Operations** for trail monitoring and maintenance at Fort Sage OHV area
- \$38,500 - **Planning** for acquisition of private lands and connector trails at Fort Sage OHV area
- \$73,000 - **Development** at Fort Sage to improve OHV parking and install facilities

The Lassen MC strongly supports the OHMVR grant applications listed above for the continued development of Fort Sage OHV area and OHV patrol and education.

The Lassen MC also recommends the California Off-Highway Motor Vehicle Recreation (OHMVR) Commission support funding the BLM Eagle Lake Field Office grant applications.

The Lassen MC would like to thank the OHMVR Commission and staff for considering the BLM Eagle Lake Field Office grant applications.

Sincerely,

Scott Maas
Legislative Officer
